Pool Brushes
D HDSE18 SweepEase 18" Aquadynamic pool brush **£38.65**

SweepEase Pool Brush

- SweepEase's Aquadynamic design is like the aerofoil on a sports car; it holds to the wall and floor with a full 18 inches of pressure, that's 10 times the power of a regular pool brush.
- SweepEase has no moving parts to wear out.
- SweepEase effortlessly glides directly back to you! (the patented trailing edge makes it easier to pull back than any pool brush on the market).
- SweepEase is structurally engineered with Truss Strength to be stronger than metal backed brushes.

Dolphin Pool Cleaners - Domestic Pools Up To 15m

All Dolphin pool cleaners sold by Certikin benefit from our in-house factory trained service support. Not only can we assist with choosing the right Dolphin unit but offer full warranty and non warranty service support.

Our engineers regularly attend training seminars at Maytronics in Israel where they ensure that we are fully up-to-date with all the latest and exciting technical developments to the Dolphin range.

No other UK distributor offers such a comprehensive UK based support package.

Please note: that Demo Dolphins are available for customers to 'try before they buy'. The cleaner will be charged to your account, together with an additional loan charge. Once the Demo Dolphin has been returned (in good condition) the cleaner will be credited. In addition, should a sale arise from the Demo, the loan charge will be credited too! (UK Only).

Please note: for tiled pools wonderbrushes may be required. Please call for advice if you are unsure.

Dolphin Supreme M3

The Dolphin Supreme M3 is the ideal robotic pool cleaner for pools up to 12 metres (39ft) in length. With minimum investment, you can enjoy total pool floor cleaning, including the difficult-to-reach angles where the floor meets the walls.

- Floor only cleaning
- Suitable for pools up to 12 metres
- Combined brushes as standard
- 3 hour cycle time
- Weight is 8.5kg
- Swivel to prevent cable tangling standard
- Suitable for beach entry pools
- Motor protection mechanism
- Automatic shut off at the end of the cycle
- Small, light weight and easy to handle
- Low voltage - low energy consumption
- Autonomous unit - no pre-installation needed, no connection to pool system
- Self contained filter bag or cartridge, collects dirt and debris

Dolphin E10

X DSE10 Dolphin E10, floor cleaning only **Price £795.00**

Dolphin E10

This light small robot is ideal for all type of small pools including above ground pools. It gives crystal-clear cleaning results, with all surface active brushing action. It has an effective easy-to-use filtration system, with efficient dirt collection.

Top-access filtration system means that it is easy to remove and clean. Lightweight and easy to lift and handle. It comes with a fast, debris-free water release and is fast to fix and easy to repair.

Ideal for pools up to 8m in length

Cycle time 1.5 hours

Weight - 6.3 kg

Dimensions - 42 x 43 x 23

Dolphin Bio Pool Cleaner - For Bio & Natural Pools

		Price
X	DSBIO Dolphin Bio Pool Cleaner	£2970.00

Dolphin Bio Suction is the first and only automated solution for maintaining both, Bio and Natural pools, it combines the best of proven Dolphin technologies and is designed with additional features that address the special challenges of Bio and Natural pools. Unique Triple-active brush action using two Bio Brushes and an additional double-speed brush efficiently scrubs dirt algae and bacteria even from extremely slippery and uneven pool floors and walls. Advanced technologies deliver precise scanning with built-in Gyro and smart sensors which identify nearby walls and enables the robot to avoid the regeneration area, ensure full coverage in minimal time, without interruption.

Weekly timer - enable plan and preset the weekly pool cleaning schedule.

Note: A CX18 Vac Hose must be added when being used in a natural pool to link to a wall vac point. This is to vacuum the residue back to the biological filters.

Supreme M4 Pro Pool Cleaner

The Dolphin Supreme family of robotic pool cleaners delivers top-of-the-line performance with the absolute minimum in effort and hassle. With a Dolphin Supreme working for you, you can relax and enjoy your pool, with full confidence that the water is clean and hygienic for you and your family. The Supreme models have a unique triple-active brushing system which eliminates algae and bacteria, reducing the need for chemicals. They provide reliable filtration in all pool conditions and have an exclusive, dual-level filtration system which ensures a dust and debris free pool. Advanced technologies deliver precise scanning and total cleaning efficiency all the way to the water line, in minimal time and without intervention. They allow for convenient maintenance with patented top-opening filtration compartments for easy emptying and cleaning. Gyroscopic navigation system inside maintains stable navigation and ensure maximum cleaning efficiency.

Supreme M5 Pool Cleaner

Bio Pool Cleaner

Polaris Pool Cleaners

The Polaris 380 is an agile pool cleaner and is ideal for all in-ground pools, regardless of the pool's shape and construction material. Its 3 jets provide greater vacuum power and faster cleaning. In addition to impeccable maintenance, and improves the efficiency of the filtering equipment. Its unique mesh bag removes any debris before it reaches your pump basket and filter. This alone can reduce filter cleanings by up to 80% a year, thus prolonging the life of your filtration system.

Polaris Pool Cleaner - 380 Model

		Price
X	PS380 Polaris 380 pool cleaner complete with booster pump	£1260.00
X	PL380 Polaris 380 pool cleaner head and hoses only	£985.00

The Polaris 280 runs off a separate booster pump, working independently from the rest of your pool system. It enables the 280's double jets to provide greater vacuum power and faster cleaning. It vacuums, sweeps and scrubs the bottom and walls of any size in-ground pool, be it concrete, fibreglass, or vinyl. The extra large bottom opening picks up large debris. The Polaris 280 is one of the few cleaners powered by water pressure returning to your pool. Its unique filter bag removes any debris before it reaches your pump basket and filter. This alone can reduce filter cleanings by up to 80% a year, thus prolonging the life of your filtration system.

Polaris Pool Cleaner - 280 Model

		Price
X	PS280 Polaris 280 pool cleaner complete with booster pump	£1025.00
X	PL280 Polaris 280 pool cleaner head and hoses only	£725.00

Polaris Pool Cleaner - 3900 Model

		Price
X	PS3900 Polaris 3900 pool cleaner complete with booster pump	£1045.00
X	PL3900 Polaris 3900 pool cleaner head and hoses only	£785.00

Booster Pumps For 280 & 380 Models

		Price
X	PSBP Booster pump for model 280 and 380	£333.00

Timer For Polaris Cleaner

		Price
X	PSTM Polaris Timer	£154.00

The Polaris 380 is powered by the pressure of clean water returning to your pool. With the 380, your filter is free to cleanse the water, leaving your skimmer available to clean the top six inches of your pool where 75% of the bacteriological contaminants live. The in-line back-up valve automatically frees the 380 if it gets cornered and keeps it cleaning without interruption. For optimum performance the Polaris 380, installation booster pump and timer are required.

With the 280, your filter is free to cleanse the water and your skimmer is ready to clean the top six inches of your pool where 75% of the bacteriological contaminants live. The in-line back-up valve cycles automatically, pulling the 280 away from potential obstacles and keeps the 280 cleaning without interruption.

The Polaris 3900 Pool Cleaner

- Hydro dynamic design
- Wide trax tyres
- 3 High powered jets
- Integrated float
- Double capacity filter bag

Not recommended for use on tiled pools
